Most demanding aspect of the role:

Being a Night Senior Support Worker at The Hesley Group is a rewarding job. Being on a waking night duty can be demanding. The nature of night work is such that the number of staff on duty can be less than those on a day rota, so communication and understanding within the team is essential. Some aspects of residents' behaviours can be challenging and it is important to be able to work as a team and deal effectively with the stresses that surround this. A successful Night Senior Support Worker will empower residents to make choices about their lives and enable them to fulfil their full potential.

This organisation is committed to Safeguarding and promoting the welfare of children and vulnerable adults and expects all staff and volunteers to share this commitment.
